### Jim Logan Update - Page 2

Jim Logan Youtube Channel:

We are so excited to have a Jim Logan only youtube channel. You will see more and more of his videos being added every month. Link is below:

[www.shorturl.at/gpSX4](http://www.shorturl.at/gpSX4)

Shorts:

Video shorts are clips that are < 1 min in length. We are adding clips of our speakers to youtube. You can find the link to them here:

Dear Friends,

We are living in difficult and exciting times. During difficult times we can lose sight of our focus. I have had time to reflect on my upbringing, as the Lord led me to my days in high school cross country. I was reminded of the verse in Hebrews 12:1,2 which says explains we are running a race. We are to run fixing our eyes on Jesus as we run. When I ran it was discouraging at times, tiring, and overall tough, but my goal was the end of that finish line. I knew this run was not forever. Isn't it the same with our spiritual race. You might find yourself tried or overwhelmed, but take heart and change your focus. Jesus is our finish line! It makes sense that one of the attacks of the enemy is to break our focus from Christ to something else. To be refocused is as easy as praying "God, forgive me for having the wrong focus, please refocus me to what really matters."

I recently had such a refocus onto things that matter, and am asking your prayer for what is happening in Sioux City during the week of **October 10th - 16th!** Our city is having a Revival Week. We will be going into the city and sharing Christ to those that God puts in our path. I would ask that you would pray for: protection, humble hearts, God's leading, salvations and revival. Many churches have come together with the focus of sharing Christ locally to our city. We cannot wait to see how God moves.

## Blessing:

"This is the exact question that led me to Christ. I had no idea about who Jesus was. But when the pandemic hit and I realized how tightly interwoven my identity was with my employer and how miserable it was making me, the Holy Spirit started to get to work in my heart. Never ever looked back since then. It's been tough but liberating. Every tear I shed has been worth it." - Online Comment

## From Jim Logan:

"I want to thank everyone for your prayers for me and continued support to our ministry. As we continue to walk with the Lord, He brings a number of needy people in our path and it's a joy to help them establish a meaningful walk with the Lord. When I was in the hospital, it was unbelievable the number of nurses that came by for prayer. I had a wonderful prayer ministry while I was recuperating. I guess there is ministry opportunities all around us as long as we are looking for God's direction."

Jim Logan is alive and well, living still at home surrounded by his Bibles, books and coffee. He recently celebrated his 90th birthday in April. We did have a scare in December 2021 when he was taken to the hospital for some bleeding, but thankfully God not only stopped the bleeding through the doctor's skills, but also turned the hospital into a prayer room. Dr. Logan was transferred to Sunrise Retirement Center for recovery where the ministry continued. He later returned home and has been doing very well. I have been able to take care of his needs and that has been a ministry that I had never thought about doing, but something that is rewarding in so many ways. It is a place where I can be the hands and feet of Jesus caring for a loved one who needs help.

Biblical Restoration Ministries is still up and running, and our focus remains the same. We started with the goal to help others in their relationship with God by dealing with strongholds, sins, and other areas that the enemy is using to hinder their walk with God. Our ministry continues to use our resources as a way of encouraging and helping others online, along with counseling, zoom chats, phone calls, and emails. We started 33+ years ago with Proverbs 23:23 as our calling, "buy the truth and sell it not..." We don't ask for money, and trust that God will keep us going financially. **We do want to thank all of our prayer warriors and supporters, who have been led to support us throughout all these years.**

Dr. Logan has been recording videos that we have been posting online called: **Webinars**. Lord willing, we will be able to post more videos every month. You can find a list of his webinar videos at this link: **[www.shorturl.at/cimX7](http://www.shorturl.at/cimX7)**

In Christ,

Paul Jordan
